Have Your Not-For-Profit Co-sponsor mini-HIMSS!

The annual New York mini-HIMSS is one of the premier gatherings of the year for health I.T. professionals.

If you're an informatics program at a community college or university, a health care professional organization, or other not-for-profit organization, co-sponsor the upcoming 2012 Annual Mini-HIMSS Conference on April 27th.

In addition to collaborating and networking with other key stakeholders in health I.T., not-for-profit organizations qualify for the following benefits:

- Host a table for your program in the exhibition space, with up to 2 complementary attending staff.
- Registrants associated with your organization (e.g. students of nursing schools, health I.T. certificate programs, and graduate informatics programs) can attend mini-HIMSS at the discounted rate of \$50.

To sign up as a co-sponsor or for more details, contact Joe Wagner
(Joe.Wagner@telus.com).

Center for Advanced Information Management RFP: 2012-13 Industry Matching Grant Program

CENTER for ADVANCED
INFORMATION MANAGEMENT
a New York State Center for Advanced Technology at Columbia University

The Center for Advanced Information Management (CAIM) at Columbia University, sponsored by NYSTAR (New York State Foundation for Science, Technology and Innovation), will be

accepting applications for its industry matching grant program for the 2012-13 project year which begins on July 1, 2012.

This grant program is designed to encourage and support collaboration between Columbia researchers and New York State industry to achieve commercial product success for the companies.

In 2011-12, grants totaling almost \$250M were awarded to Columbia researchers on both Morningside Heights and the health sciences campuses who partnered with large and small New York companies.

Proposed projects should be in the broad area of information management and must be co-supported by committed funds from a company headquartered in, or with a significant presence in the State.

Grant amounts up to \$100,000/year may be requested and must be matched by company funds with a 3:1 ratio. (company dollars: CAIM dollars). Higher dollar amount grants require projects resulting in significant economic benefit to the co-sponsoring company. A special indirect cost rate of 15% of salary and fringe benefits is applicable for CAIM-funded projects.

Guidelines and application forms (project narrative and budget) will be available on the CAIM webpage - <http://www.cat.columbia.edu/reports.htm> - on or before April 30.

For questions, call 212-305-2944.

Applications are due May 15, 2012.
